ME

I'm an educated designer who seeks to solve problems daily and learns on a regular basis to improve everything around me!

Experience

- UI\UX Designer

Connect to WOW · Full-time

May 2021 - Present · 1 yr 4 mos

Calgary, Alberta, Canada

Teamwork as a true event happened to me in this firm. I learned agile and scrum, company discipline, and order. Also Redesigning and developing an entire design system taught us a lot of things about user interface like fundamentals and instruction of the design system (Atomic design concept) and the usage of each element and part of it, to avoid many mistakes in the future.

- User Experience Designer

Freelance

Apr 2021 - Present · 1 yr 5 mos

Esfahan, Iran

I started in a designer role working in a team of designers and developers, after that some individual projects were assigned to me and I earned the confidence to plan and design an entire product and see the result.

- User Interface Designer

Living Maples · Contract

Feb 2021 - Apr 2021 · 3 mos

Canada

We realized their limitations and tried to predict their behavior, analyze the data and wireframe, and design a useful mobile application. Responsive layouts, User flow and site mapping, interactions and prototyping, and usability testing concepts were first introduced to me in this project.

- UI Designer

Goalearn · Internship

Nov 2020 - Feb 2021 · 4 mos

Esfahan, Iran

An internship at this institute was an opportunity for me to find my passion and grow a great network of people around me. I perceived gestalt rules and psychology of colors, the concept of accessibility and limitations, and used some UX tools to get to the basic UI designs.
